13th February 2026

Dear Parents and Carers

Space Odyssey, Thursday 26th February 2026

As part of our science topic, Year 5 will have the opportunity to learn about Earth and Space in an amazing Space Odyssey experience.

The Space Odyssey takes place in an inflatable Dome in the school hall; the Dome provides a planetarium for the 21st century. Using state-of-the-art "FullDome" 360-degree 3D digital projection technology, stunning graphics and advanced computer simulations are projected throughout the inner surface of the dome to fully envelop the audience. This creates a breathtakingly immersive, interactive learning environment for the children.

There is a charge to cover the cost of the Space Dome and parents are asked to make a voluntary contribution of **£7.50** per child please. In the unlikely event that a small surplus should remain, once all the costs for the visit have been met, we will retain any amount less than £1.00 per student for use in the support of school activities. If you have any objections to this please let us know by Monday 23rd February 2026. Please note that it is possible to pay for this visit via ParentPay; please ask at the school office if you need help with this.

Yours sincerely

D Vear
